

UPDATE

From the GM

October 28, 2022

Note From the General Manager's Office

Greetings,

We hope everyone has had a good week and is up for the community events this weekend.

Coming up this evening we have Trunk or Treat! While this event has been held at the Rec Center the last several years, things have been switched up a bit this year and the event will take place at the Stables at Coosawattee. If you're not familiar with the location, just head out Hwy 382 off the roundabout on Old Hwy 5. Head past the Main Gate entrance on your right and proceed about four miles to the Eagle Mountain gate entrance. You'll see the Stables to the left when you turn in. Whether you have a vehicle with a trunk, a side-by-side, an ATV, or any other sort of vehicle we encourage you to come out and join us. Plan to try to arrive by about 3:00pm so you'll have plenty of time to get your decorations and anything else you'll be bringing set up and ready by 5:00pm. The event will wrap up at 8:00pm.

We'd like to thank the staff, members of the Board of Directors, and everyone else who donated candy or in any other way supported this event. We appreciate you!

Then, tomorrow morning beginning at 9:30am, the Board of Directors will be meeting at the Water Tower. You can get a sneak peek preview of the agenda by clicking [here](#). If you haven't already done so, you can register to attend via Zoom by clicking [here](#).

Last weekend was the final Pickin' on the Porch for the

season, but it was the final Pickin' on the Porch in a different way as well. After creating the event 15 years ago, Jan Adams hosted her final Pickin' event. As a thank you and farewell, Jan was presented with a guitar signed by various band members who have played at the event over the years as well as attendees.

Thank you for your years of dedication Jan! We wish you well in all your future endeavors, and we'll do our best to keep this traditional event alive for many more years to come.

We hope everyone will come out and join us for both events this evening and tomorrow, and we'll see you there!

Best Regards,

Racey Cave
Asst. General Manager

A Message From Your Environmental Committee

The last few weeks we have presented how feeding deer can be harmful to the deer, to humans, and to the environment.

The risks result from raising the deer population density to unhealthy levels for the deer and for the environment.

According to several studies, a healthy deer population is around 15 deer per square mile. How many have you seen as

you drive through Coosawattee?

We all want a beautiful natural environment with native shrubs and flowers, small mammals and songbirds, and yes, a healthy deer population. Protecting that environment requires letting nature take its own course without our interference.

Please, let wildlife be wildlife.

For more information check out the Red Top Mountain study https://getd.libs.uga.edu/pdfs/killmaster_charles_h_200512_ms.pdf or just search “dangers of deer overpopulation”.

Announcements

- EMC Water is going paperless! If interested in discontinuing your paper bill or enrolling in auto billing, please email to lindakey@mycrra.com with your correct email address, phone number, account number or lot number.
- If you're new and wondering how you get one of those nice-looking 911 address signs, you can find the order form by clicking [here](#).
- Do not speed! Make sure to follow the speed limit. This is not only to avoid accidents but to also reduce the amount of dust for your neighbors.

Job Openings

**We want you to join our team here at the
Coosawattee River Resort!**
