CRRA Members Weekly Update

Asst. General Manager Community Letter

Happy stormy Friday CRR!

The annual election is in full swing, and we've received a number of inquiries about how lot numbers appear on some ballots. Due to the character formatting used by Association Voting, some lot numbers were truncated and may be missing a numeric character at the beginning, or may be missing an "R" at the end in case of replatted lots. This will not affect your vote. If you are voting online, be sure to enter your lot number exactly as it appears on the mailing from Association Voting including capital letters, dashes, zeros, etc. Your password is also case sensitive, so be sure to enter that exactly as shown as well.

The Nominating Committee wanted us to let you know that they will be meeting in the Fireplace Room at the POA this coming Wednesday, the 14th from 2:00-3:00PM. Also, we will have PCs available in the POA library and will offer online voting assistance for anyone who wants or needs it on July 16th, 19th, and 20th from 2:00-4:00PM.

Also, we've had a number of requests for bios on candidates who didn't attend or submit material for the recent meet and greet, and also didn't choose to send out a mailing to their constituents or engage in other forms of campaigning. We've requested the candidates submit something we can distribute, but we can only share what we receive. Anything we receive will be available for pickup at the POA beginning

Monday afternoon upon request.

The meeting of the Nominating Committee on Wednesday will be in person only which brings me to one other thing I want to mention very briefly.

We're actively working on implementing a video conferencing solution at the Water Tower to allow the Board and Committees to meet in person as desired, while maintaining the option for residents to continue to attend via Zoom as has been the recent practice. We understand there are quite a lot of residents who attend both Board and Committee meetings from outside the area who otherwise would not be able to do so, and we don't want to lose that as an option as the Board is expecting to return to in person meetings soon. We're not 1000% certain we'll have the new system ready to go for the meeting this month, but we're going to do our best, and I think we have a good shot at it.

That's about it for this week folks. Stay dry out there. I know there are a number of areas without power right now, including my house for the last several hours. We kicked over to the generator a few different times here at the POA as well.

Have a great weekend!

Sincerely,

Racey Cave
Asst. General Manager

Pickin' on the Porch

The Falls Brothers Band will be here for Pickin' on the Porch tomorrow. Come out and join us!

A Message From Your Environmental Conservation Committee

The Coosawatee Environmental Conservation Committee would like to encourage property owners to use plants native to Georgia in their landscaping and to control/remove invasive species. The Georgia Exotic Pest Plant Council (GAEPPC) maintains a list of non-native plants ranked by categories of potential harm. The list can be found here:

<https://www.gaeppc.org/list/>

Their Facebook page is also a great resource for learning about native and non-native plants.

<https://www.facebook.com/gaeppc/>

Native habitats in our community will encourage more wildlife and prevent erosion after storms – please do your part to make our community beautiful!

Also, according to the UGA Extension service, ticks transmit diseases such as Rocky Mountain Spotted Fever and Lyme disease. Although rare, Tularemia, Anaplasmosis, Human Ehrlichiosis and Southern Tick-Associated Rash Illness (STARI) can be transmitted through a tick bite. It usually

takes at least 36 hours for a tick to transmit the bacteria that causes Lyme disease. Try to avoid moist brushy areas, particularly if browsed by deer. If you do find yourself in vegetation that brushes against your body, do a tick check! Remove an embedded tick with tweezers or paper towel positioned as close to the point of attachment as possible; pull outward firmly. Clean with disinfectant. If mouthparts remain under the skin, infection can result.

Announcements

- You can log in, view documents, and make dues payments by visiting:

<https://coosawatteeriverresort.connectresident.com>

- Do not speed! Make sure to follow the speed limit. This is not only to avoid accidents, but also reduces the amount of dust for your neighbors.
- Be aware of any suspicious activity or prowlers! Always contact the Sheriff's office and report to Management.

Emergency Alert & Support Options

In case of emergency dial 911

To report non-emergencies, call Central at 706-640-4010
