Community Letter

Happy Friday CRR!

Other than the special event at Fish Trap Park tomorrow, the main thing to be aware of this week is that the annual election is starting as planned on July 5th. E-voters will receive an email with the link to the voting site and their personal ID and password to vote. You can submit your vote any time between July 5th and July 22nd at 5:00pm when voting will close.

The mailed paper ballots have been sent first class this week, but with the weekend and holiday you can expect them to arrive sometime after the 5th.

E-voting assistance will be available July 12-15th in the POA library from noon until 3:00pm each day if you need assistance.

On another note, to provide some additional information on the pools, the pool at the Rec Center will remain closed for at least the next few days. There is currently a chemical imbalance significant enough to make the water unsafe to swim in. The operation to remediate requires addition of a substantial amount of a couple different chemicals. The issue is that the amount has to be introduced at a certain rate, it can't be added all at once. The amount needed and the time intervals required add up to several days. Once the operation is complete we'll conduct a follow up water analysis to confirm everything is back within safe ranges,

hence the "until further notice" portion of the text message that went out as we don't have an exact day or time the pool is expected to reopen.

We also conducted the same analysis on the water at Foxhound and Riverside pools. That analysis showed that quick action was needed to prevent a "crash" similar to the problem at the Rec Center pool, so we closed the pools early yesterday to affect the needed treatment and allow enough time to pass to enable an on-time opening this morning and ensure we have a problem free holiday weekend, at least on the basis of water quality.

There's one last thing I want to share this week, and that's to give a shout out to our staff who works 24 hours a day, seven days a week, 365 days a year in our Central Monitoring Department. Most people probably don't have any idea how intense that department can get, but to give a little perspective, in the month of June that just ended, our team in Central answered 26,579 calls. That's an average of 886 calls a day, but keep in mind that the overnight hours can be very quiet, which means prime time during the day it gets pretty crazy. Thanks Central!

That's all I have this week. We hope you all have a safe and enjoyable holiday weekend.

Until next week,

Racey Cave
Asst. General Manager

Blast From the CRR Past

A Message From Your Environmental Conservation Committee

Eco-Friendly Fishing Lures: One of the best ways to practice sustainable fishing is to use biodegradable fishing lures. Since rubber doesn't break down in the water or in a fish's stomach, a good substitute is biodegradable plastic that will dissolve over time. An added perk to these eco-friendly options is that the soft lures can be made in all colors and designs to attract

your target fish just as effectively as traditional lures.

Announcements

- EMC Water is going paperless! If interested in discontinuing your paper bill or enrolling in auto billing, please email to lindaakey@mycrra.com with your correct email address, phone number, account number or lot number.
- If you're new and wondering how you get one of those nice-looking 911 address signs, you can find the order form by clicking [here](#).
- Do not speed! Make sure to follow the speed limit. This is not only to avoid accidents but to also reduce the amount of dust for your neighbors.

Job Openings

**We want you to join our team here at the
Coosawattee River Resort!**

We offer paid time off, paid health insurance, and paid national holidays for all full-time employees.

We have job openings for Patrol, Housekeepers, and Maintenance.

Serious applicants please call 706-640-4010 or email your resume to michelekellogg@mycrra.com.

Emergency Alert & Support Options

In case of emergency dial 911

To report non-emergencies, call Central at 706-640-4010
