Asst. General Manager Community Letter

Happy Friday CRR!

Guess what this Monday is. Go ahead, guess! I'll wait.

<insert waiting here>

It's Smokey the Bear's 77th birthday! Ha! Bet you didn't see that one coming!

The first depiction of Smokey Bear, August 9th, 1944

Here's some obligatory Smokey trivia:

- His real name is actually just 'Smokey Bear'. A popular song released in 1952 added the word "the" to the name.
- In 1950, a badly burned bear cub was found in New Mexico's Lincoln National Forest after a forest fire. The orphaned cub was nicknamed Smokey, and, after recovering from his injuries, he was taken to the Smithsonian National Zoo where he lived for 26 years.
- Millions of people visited Smokey at the zoo. He received thousands of letters and packages of honey,

so much so that the US Postal Service gave him his own zip code: 20252 (That's some serious popularity!)

- To this day you can still write Smokey Bear a letter using nothing more than 'Smokey Bear, Washington DC, 20252' as the address. But you can also tweet him. Would it even be 2021 if you couldn't @smokey_bear?
-

The only business this week is the announcement of the winners of the most recent election, which you may or may not have seen, and a note on the upcoming annual meeting.

The election winners are:

Cindy Pereira - Beaver Bend
Beth Miros - Beaver Forest
Susan Marino - Beaver Lake
Vito Molfetto - Eagle Mountain
Jimmy Adams - Eagle Mountain Campground
No candidate, single invalid write-in - Villas

Keep in mind that the annual meeting is in just a little over two weeks on Saturday the 21st at the Victory Christian Center. If you are unable to attend, please complete your proxy and return it by mailing or drop it off at the POA office.

For those that e-voted, your proxy is available to submit online via Association Voting, and if you received a ballot by U.S. mail your proxy was an insert in that mailing. The POA also has owner proxies available for those that need one.

Have a great weekend everyone!

Regards,

Racey Cave
Asst. General Manager

A Message From Your Environmental Conservation Committee

Fire Safety and Wildfire Prevention

August is here and with it the “dog days of summer.” For most people, this phrase invokes images of hot, sultry days when the only relief is a cool swimming pool or a snooze in an air-conditioned dwelling. Indeed, in most of the US, National Weather Service records show August as the hottest month of the year. Unfortunately, with high temperatures along with hot winds, the risk of wildfire increases.

Here in the Coosawattee, we have an abundance trees and shrubs. In fact, many of us chose to live here because of

this abundance. Additionally, many of us live in log homes or wood-framed houses that are particularly vulnerable to fire damage. Clearly, fire safety and wildfire prevention is especially pertinent to Coosawattee residents and their visitors. To that end, this topic will be discussed over the coming weeks in the ECC message section of our newsletter. For today, I will leave you with one tidbit: Before you light your next cooking fire or grill, make sure the fire is contained and that you have the means to extinguish it after you're done.

Announcements

- Please be aware that there are many privately owned roads in Coosawattee. If an area is posted as being a private road, and you do not live on that road or you do not have express permission to use the road (such as a traverse easement granted by the owner), please do not enter the area. Just because there is a road doesn't mean it is owned by Coosawattee and is open to the entire community.
- You can log in, view documents, and make dues payments by visiting:

<https://coosawatteeiverresort.connectresident.com>

- Do not speed! Make sure to follow the speed limit. This is not only to avoid accidents, but also reduces the amount of dust for your neighbors.
- Be aware of any suspicious activity or prowlers! Always contact the Sheriff's office and report to Management.
