CRRA Members Weekly Update

Asst. General Manager Community Letter

Happy Friday CRR!

At long last, we've finally taken delivery of the new sign for the Eagle Mountain entrance. It hasn't been installed just yet, but we do have it and will get it in place as quickly as we're able. As we mentioned before, it's a replica of what's at Main Gate and is looking good!

I've heard Santa's elves have been hard at work getting a little Christmas cheer going on at the gatehouses recently. Looks like they struck at Ellington and Eagle Mountain gates already. I heard a rumor they were going to attack Main and Legion gates today when no one is looking, so if you drive through this afternoon and see Amy and Michele hard at work, just pretend they're elves... and that you don't see them.

I also received pictures from an anonymous source who apparently has keys to the Water Tower and it looks like they've raided that location as well.

On another note, it would seem that our resident bovine has finally been nabbed.

A small group of protestors with signs that read "#FreeCOWsawattee" were marching around in the parking lot here at the POA earlier in the week insisting he was living his best cow life, but they were able to be disbursed without having to resort to extreme measures. One of them suggested we get a hoof print cast and erect a small memorial on the site in remembrance of the short time we had with him. I told them we'd consider it.

Jokes aside, the last thing to mention this week is that the POA offices will be closing at 11:30am for the remainder of the day on Friday the 17th for the CRR employee Christmas lunch in appreciation of their hard work during this exceptionally challenging year.

Until next week,

Racey Cave

Message From the Good Neighbor Club

GOOD NEWS! The Good Neighbor [New Year's Eve](#) Party is on schedule. We are asking for reservations so we will know how many are planning to attend.

A fun-filled evening with live music for dancing and easy listening plus friends to visit with since we have missed them over the last months.

DATE: [Friday, December 31, 2021](#)

TIME: Party starts at 6PM - doors open at 5:30. Party ends at 10:00 pm so everyone can be home for the New Year countdown.

COST: \$10 per person. Paid reservations must be made by [December 23](#). Checks made out to GNC must be dropped off at the POA front desk as soon as possible. (\$15 per person at the door.)

MUSIC PROVIDED BY: An exceptional local singer and entertainer - *Rowdy Yates*. Some of you may be familiar with him as he has performed at the Gilmer Playhouse and at many of our local wineries and downtown Ellijay events. He brings us good listening music, dance music, and even line dancing.

INFO: Email me at kallred@etcmail.com or text or call 770-757-0851 if any questions. We can even reserve tables so you and your neighborhood friends can sit together.

SINGLES: If interested, I can set up a table for the singles so let me know if you want to be at the Singles table.

Food will be provided - including deli trays, hors d'oeuvres and coffee, tea and sodas will be provided. Members will not be required to bring food to this event.

****Volunteers are needed for set up and take down day/night of event as well as decorating committee volunteers. Let me know if you can help us make this an exciting event. We will meet day of the event at the Water Tower at noon for set up and decorating.****

A Message From Your Environmental Conservation Committee

Why Compost?

It's earth-friendly: Food scraps and yard waste make up 20-30% of the waste stream. Making compost keeps these materials out of landfills where they take up precious space and release methane, a greenhouse gas 21 times more potent than carbon dioxide emissions in the atmosphere.

It benefits your yard: Compost improves soil structure and texture, increases the soils ability to hold both water and air, improves oil fertility, and stimulates healthy root development in plants.

It's easy: You can start with just leaves and grass, then work your way towards composting your food scraps.

It saves money: Adding compost to your yard can reduce or eliminate the need to buy chemical fertilizers or compost. If you pay for the amount of trash hauled, composting can also cut down on your trash costs.

ETC Fiber Update

Fiber Internet Update

We want to give an update of how the ReConnect project is going in Coosawattee.

Construction for the first Phases have progressed quickly. You may see evidence of fiber throughout Phases 1 & 2. Although this is great progress, for installations, we are navigating material and supply challenges. We are already seeing shortages (supply chain) that are affecting our ability to get the required supplies to get the installations done as quickly as we would like.

We are currently scheduling and installing orders for those who are in Phase 1. At our current pace, we will begin installations in Phase 2 around February 2022.

We are adjusting to changes out of our control to get fiber service installed as quickly as possible. Our goal continues to be to get fiber installed to our ReConnect area well before the deadline of December 2024.

We appreciate all the kind words and encouragement we have received during this project. We are in it together and ask for patience and understanding as we do our best to get fiber built.
